

B. Adding Content - Tutorial

## STEP-by-STEP DIRECTIONS for MOVING COURSE CONTENT to HAIKU

Step 5: Click on the ADD CONTENT button.

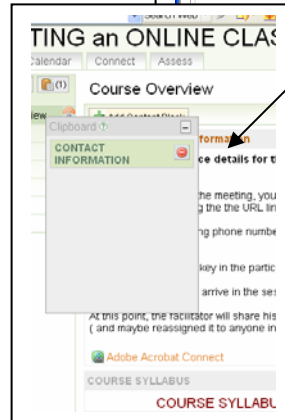

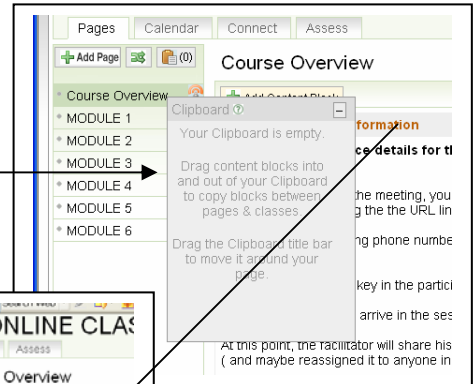

Step 6: Determine what type of content you want to add and/or which tool you'll need to use.

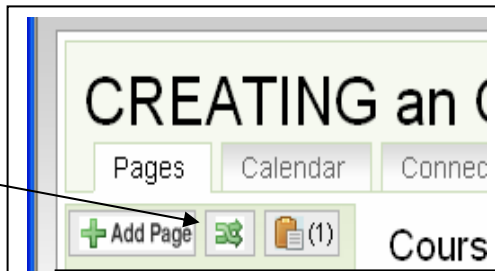

Follow the step-by-step directions for inserting content.

You can **drag & drop** the content from one place to another if you are unhappy about it's original placement. You can even move the content from one page to another by clicking on, opening, & dragging the content block to the **CLIPBOARD**.

If you'd like to **REARRANGE PAGES** or placement of downloaded content, that can be done by clicking on the **green arrows** & dragging & dropping the page or
